

國立中正大學

哲學系學術演講

講者：Shenyi Liao (Associate Professor,
University of Puget Sound)

講題：OPPRESSIVE THINGS

時間：2019.2.20 (Wed.) 下午 3 時 10 分

地點：文學院 412 研討室

摘要：

"Minds can be biased. Social practices can be biased. The physical world can be biased too. Oppressive things are parts of the physical world that are biased in congruence with systems of oppression---such as racism, sexism, classism, and ableism. Oppressive things structure and normalize patterns of associations, imaginings, and behaviors. Oppressive things sustain and reinforce problematic epistemological, moral, and aesthetic norms."
